EcoSmart Fire Outdoor Collection

Create a social gathering point with an outdoor bioethanol fireplace! A cosy and warm fireplace will perfectly complement your contemporary indoor or outdoor space. Available in different shapes, sizes and finishes, you're guaranteed to make memories around our fires.

EcoSmart Fire was launched onto the global stage in 2004 and there have been thousands of installations in residential and commercial properties across 75+ countries. EcoSmart Fire has also played a pivotal role in spearheading the creation of global standards and testing platforms for this ground-breaking wave of ethanol-fuelled fireplaces. Safety is infused into every aspect of EcoSmart Fire's process, from the quality of research and development, to the operational system and built-in safety features. No other manufacturer has a collection so comprehensively tested and listed by third-party laboratories to safety standards.

Behind the stylish façade of EcoSmart Fires is a sophisticated heating system that uses the cleanest, most efficient fuel source on the market: bioethanol.

Outdoor Collection Key Features

COSMO 50

COSMO 50

Natural

Graphite

Bone

Teak

EcoSmart's Cosmo 50 fire table is a great example where the lines between "technology" and "furniture" are starting to blur thanks to its seamless integration of fireplace innovation and functional design.

Part of a new wave of invisible technology where sophisticated engineering is concealed behind minimalist design principles, Cosmo 50 combines an environmentally-friendly, clean burning fireplace with the practical features of a low-slung lounge table. Ideal for modular furniture configurations and interiors where space is at a premium, it enables guests to enjoy the warmth of an open fire without embers, ash and soot ruining the ambiance.

In fact, with no installation or building works required, you simply unpack, put into position and enjoy the ambiance that comes with an authentic EcoSmart Fire.

*Models feature optional Glass Fire Screen.

MANHATTAN 50

MANHATTAN 50

Natural

Graphite

Bone

Teak

Taking its cues from one of the world's most densely populated cities where real estate prices are sky-high and square footage comes at a premium price is a fire table that combines ingenuity with functionality.

With its self-contained energy source, generous sideboard and portable construction, EcoSmart's freestanding Manhattan 50 fire table knows how to make the most of a small space. Fuelled by environmentally-friendly bioethanol, the fully integrated, multifunctional design means homeowners can enjoy the ambiance and tranquility of a real fire without the inconvenience of burning real wood – that means no more embers, ash and soot to clean up.

In fact, with no installation or building works required, you simply unpack, put into position and enjoy the ambiance that comes with an authentic EcoSmart Fire.

*Models feature optional Glass Fire Screen.

WHARF 65

WHARF 65

Natural

Graphite

Bone

Teak

Blending the simplicity of an outdoor fire pit with the functionality of a standalone table, EcoSmart's Wharf 65 fire table adds style and practicality to any architectural environment.

Ideal for courtyards, patios, pool decks and terraces, the all-weather, modern design evokes the atmosphere of an open flame minus the by-products associated with a wood-burning fireplace. Its natural colour palette and perfect blend of fire and stone make it an easy choice for landscape architects and design professionals.

*Models feature optional Glass Fire Screen.
